SUMMARY

A dedicated Software Developer with over 1 year of experience in mobile app development, specializing in creating high-quality applications for Android and iOS.

EXPERIENCE

Flutter Developer

Oct 2023 - Oct 2024

T7E Aftermarket Connect Pvt Ltd, Mumbai

- Worked on multiple mobile apps that are published on the Play Store and App Store, with most exceeding 1,000 downloads and some between 50,000 and 100,000 downloads.
- Improved user experience by seamlessly integrating advanced features like Google Maps and OCR. Also implemented Firebase for push notifications and analytics to enhance engagement and insights.
- Enhanced data security by implementing encryption protocols for API communication.
- Translated Figma design prototypes into responsive Flutter applications.
- Collaborated using Git, Bitbucket, and Jira, with daily stand-ups and sprint-based work schedules.
- Technologies used: Flutter, Kotlin, GetX, Provider, dio, Postman, Git, Bitbucket, Jira.
